Ref: Contract Modifications

25X1A9a

Dear Mr. [REDACTED]:

As you know from our telegram of 1 July to [REDACTED], a copy of which was sent you, the proposal on road work has been accepted and that on the fences rejected, pending revision. Procedures being somewhat novel on the handling of this Contract, we omitted to send you a copy of the formal notice of acceptance. Said document is enclosed herewith. Henceforth, copies will be forwarded to you automatically.

STATINTL

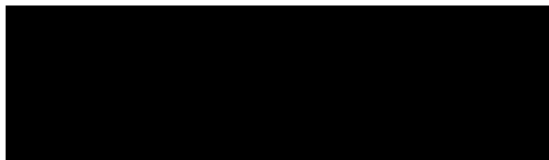

Regarding the fencing, there are a number of things which need to be rectified in the drawing and in the specifications, including some changes in the fence runs, grounding of the insulated panels in the existing fence, etc. Concurrently, we have been advised that the necessary funds will not be available until some time next month. With this in mind, we would like to have the original drawing, which I understand from Mr. [REDACTED] is in your possession, and we will make the necessary changes - getting approval from the [REDACTED] authorities prior to seeking new proposals for the work.

STATSPEC

On the attached print, you will note that a number of questions remain to be resolved before we can make all of the necessary changes. Please note the answers directly on the print and return it together with the original. Any further comments you wish to make will be appreciated.

Very truly yours,

25X1A9a
